Dear Navy Supply Corps Foundation Member,

As our Nation celebrates Veterans Day, we recognize and honor the sacrifice and contributions of our Supply Corps veterans and thank you for your service and dedication to our country. The Foundation joins you in celebrating the Navy Supply Corps 225th Birthday this year, and we continue to proudly support our veterans, as well as all who are currently serving in the Supply Corps.

This has been a challenging year for so many around the world, but with deliberate management and the generous support of our members, the Foundation has effectively continued its mission of strengthening the Supply Corps Community by providing a full range of services and programs in direct support of our members and their families. This year the Foundation celebrates 50 years of community and service around the globe through our 39 chapters.

Our Scholarship program provides tuition assistance to Foundation members and their families, including memorial scholarships for the children of Supply Corps officers who died on active duty. Our Transition program offers resources to assist officers transitioning from active duty, while our Family Aid and Support Team (FAST) extends relief assistance to our members and their families experiencing times of extreme hardship. All of these have taken on new importance as some individuals and families face financial crises due to the pandemic.

Our Heritage Program sponsors Supply Corps displays, exhibits and programs on museum ships across the country, to educate the public on the critical role our Supply Corps serves in our military, as well as to preserve the rich history and cherished stories of our Navy Supply Corps.

We are a Community committed to service. Your support provides the necessary resources for the Foundation to continue its mission, particularly in these challenging times. Your generous donation will keep your Foundation strong, focused, and ready to help our members—maintaining our great tradition of service and community. Thank you for supporting your Foundation and helping to “take care of our own”.
